NEW! SOTHYS HANAKASUMI BODY RITUAL

Indulge your senses & enjoy total relaxation with **SOTHYS** new **Japanese inspired** well-being ritual for the body.

Exfoliating Cherry Blossom rice powder with papaya enzymes and hydroxyl acids refines the skin with a unique non-abrasive formula in the first phase of the body treatment.

Warm, melted aromatic shea butter with floral and oriental elements is then massaged into the skin... finally your feet are cocooned in hot towels following a de-stressing foot massage to re-energise the entire system.

Book an appointment today and indulge your senses!!
